

MICHELLE'S MIDTERM PRESENTATION

Web Specs – Purpose of website

- The purpose of the website I am building is to display my portfolio.

The ultimate goal is to have a personal space online where I can display the work I create. My portfolio contains mainly:

Art – hand drawn or digital sketches of characters, paintings, photos, etc. These will be displayed altogether on a page, along with a brief description about the inspiration behind it underneath the image and if the user chooses, they can click on it to read more.

Comics – Basically classic comic cartoon shorts, like the kind you'd see on Instagram or in newspapers.

Videos – Mainly animated shorts and short films that I create

Writing – Poems, short stories, or just writing prompts.

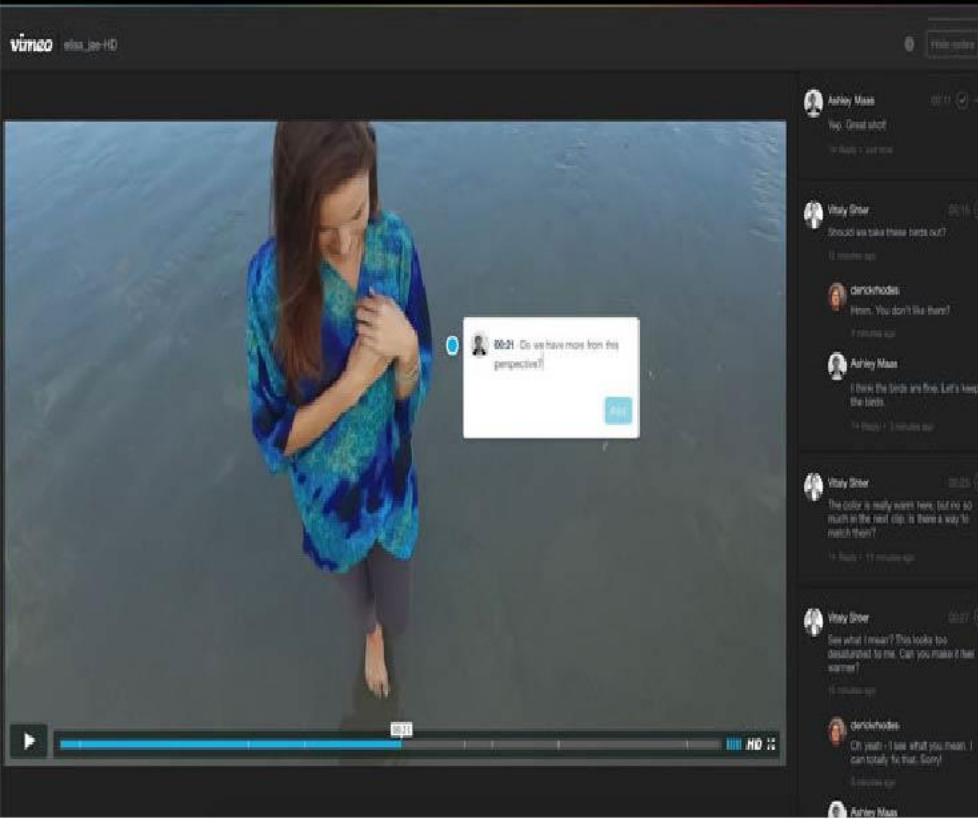

I look into your eyes and I'm sure that some divine artist dipped her brush in the same soul and used it to paint us both.

EXERCISES

"Night Steps" from *Roll Deep: Poems*

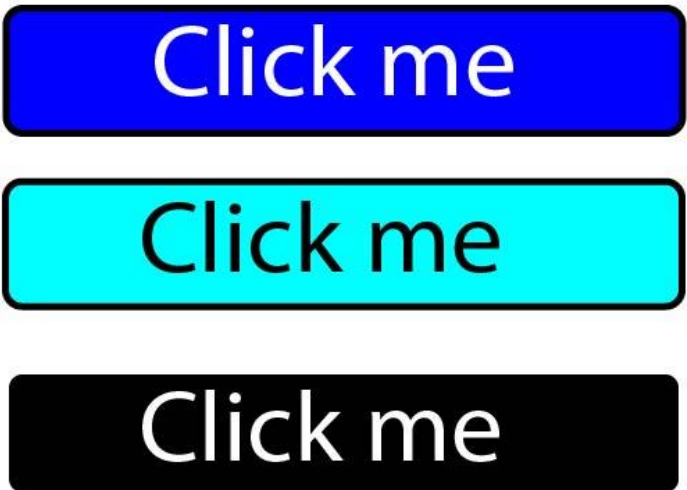

I'll never forget the wind the corner whispered,
nor the windowed darkness that was more
a frame for the world's high-rise loneliness.
I'll never forget the days we lingered
beneath our fingerprints and how we were
each other's private sacrament.
Brooms and mops hung behind doors
like secret agents. The creaks of our knees
ached from all the praying; our astonished hands
could not keep up, being daydreamers
of water towers and such. What monastery would
welcome such afterimages like those we spoke?
Electric wires over a bus stop, a fly mumbling
and dodging a swatter, a light brown maid smiling
on a bottle of corn syrup. I'll never forget
such sprigs of trembling and honeysuckle
nor other forms of desire: the night steps
of an upright bass or blue eyeshadow
like slashes beneath my mother's brow.
